A TREATISE ON PEDAGOGY: FOR YOUNG TEACHERS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Treatise on Pedagogy: For Young Teachers This little book is a growth. Into that growth, several elements have entered: among them are the author s experience as a pupil, first in the country district schools of New England; and his experience, for more than thirty years, as a teacher; together with the digested results of his reading and thinking on educational themes. He has here embodied the substance of his instruction to many successive classes in Normal Schools, and the substance of numerous addresses before Teachers Institutes and other educational meetings. No attempt has been made to amplify any of the topics treated; on the contrary, a constant and persistent effort has been made to condense to the utmost limit consistent with clearness. This is not a book of methods, although a few methods will be found in it. Its aim is, rather, to present, in a brief and compact form, such principles as underlie and give form to all methods worthy of attention. As the title implies, the book has been written with special regard to the needs of young teachers, or of candidates for the teacher s office. But the author does not expect that such young persons will be able to master the book by a cursory reading; he does, however, flatter himself that young persons of good ability will be able to master the book thoroughly by careful and patient study. Psychology is made the basis of the treatise; the author believes that in no other way can the subject be treated in a rational or scientific manner. About the Publisher Forgotten Books publishes hundreds of thousands of rare and...
