Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Private detective Nick Harland has teamed up with Andy Ryan a special forces/ MI5 operator and the pair are tasked with tracking down a rogue SAS soldier who is on the loose and creating havoc across London in revenge for his unjust imprisonment. But the destruction that he is causing is all part of an elaborate deception which is designed to mask his true intentions. Harland and Ryan are now in a race against time to find him before he carries out one of the most daring, outrageous and audacious crimes of the 21st century. Along with all the mayhem and tension created by the hunt for the SAS man there is a secondary story running parallel with the main one and this part of the story is unconnected to the main theme and remains so until the last chapter. Who is the mysterious unknown man found in a field in Essex with a gunshot wound to his head? The unconscious man is barely alive and is rushed to hospital where he undergoes emergency brain surgery and after a long period of recuperation he wakes from the coma. The police are anxious to interview him as in the field where he was found were a dozen dead bodies riddled with bullet holes. They don't get the chance to interrogate to him as he decides to abscond from hospital. The stranger has near total memory loss and has no clue who he is or why he'd been shot and the search is now on to find his past life? And he's anxious to find out why someone wanted him dead?.
