Reviews

Totally among the best publication I actually have actually go through. It can be filled with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Glen Ernser)

MEXICO TODAY AND TOMORROW: AN OUTLINE OF THE PRESENT EARNING POWER AND FUTURE POSSIBILITIES OF HER RAILROAD SYSTEMS; FACTS, FIGURES AND SUGGESTIONS REGARDING THE PRINCIPAL TRAFFIC PRODUCING CENTERS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Mexico Today and Tomorrow: An Outline of the Present Earning Power and Future Possibilities of Her Railroad Systems; Facts, Figures and Suggestions Regarding the Principal Traffic Producing Centers These letters were published originally in the daily bulletins of the New York News Bureau Association and in the. The Wall Street Summary. Upon my return from Mexico indulgent readers of the letters suggested that they be revised and published in pamphlet form for distribution in the interest of Mexico. I acted on the suggestion and here is the result. The letters are in their original form, except for typographical corrections and changes, and the illustrations intended to give a more concrete general idea of the principal cities and sections of country mentioned. Neither fine writing nor a description of Mexico has been attempted. On the contrary many of the letters were hastily prepared on railroad trains, and under other equally unfavorable conditions. My one idea was, not to describe the beauties of Mexico or the attractiveness of her people, great as both are, but simply to emphasize the fact that the railroads of Mexico are operated in a country in which there are numerous large cities and towns, which in turn supply the railroads with vast amounts of valuable traffic. Since the letters were prepared, many of the predictions which they contain, have been realized. For instance, the earnings of the railroads have increased at a greater rate than was expected. The traffic of the Mexican Central has expanded so rapidly since September last, that additional equipment is needed. Some has been ordered already, although at that time the officials thought they could get along for...
