

Number Sense Interventions

Filesize: 6.33 MB

Reviews

This pdf may be worth acquiring. It can be written in easy words and phrases and not hard to understand. I am pleased to tell you that this is basically the finest book I have read through during my personal existence and might be the greatest pdf for at any time.

Brookes Publishing Co. Microfilm. Book Condition: new. BRAND NEW, Number Sense Interventions, Nancy C Jordan, Nancy Dyson, Help kindergartners at risk for math difficulties with these explicit, evidence-based interventions. Used on their own or as a follow-up to the " Number Sense Screener(TM) (NSS(TM)) ," the interventions in this user-friendly guide are a fun, simple, and highly effective way to boost key math skills such as oral counting, number recognition, and numeral writing. Teachers will get 24 scripted lessons, perfect for helping small groups of struggling students in just 30 minutes each. Proven in studies to improve young children's number sense, these engaging lessons help resolve early math struggles " before " first grade--and start students on the path to long-term success in elementary school and beyond. Why Use Number Sense Interventions? Aligned with Common Core State Standards--includes a chart of learning goals that shows exactly how the interventions align with CCSS Research-based and validated Great for Tier 2 Response to Intervention Carefully scripted--easy to pick up and start using right away Lessons build on each other, so children develop a strong foundation of critical math skills Uses inexpensive materials many teachers already have in the classroom Fun lessons encourage children's engagement and development of attention skills Flexible--easy to move at a slower or faster pace depending on student needs INCLUDES: 24 engaging lessons with explicit teacher scripts and instructions, plus photocopiable materials: 7 sets of flashcards, 12 charts that illustrate key math concepts, and a student activity sheet for each lesson. Help students at risk for math difficulties: Count to 100 Recognize quantities Recognize numerals Connect numerals to quantities Write numerals Solve story problems Solve written equations Perform number operations on fingers and more.
