

## Heavy or Light?: Describe and Compare Measurable Attributes

By Jordan Alvarez

Rosen Classroom, United States, 2013. Paperback. Book Condition: New. 203 x 203 mm. Language: English . Brand New Book. Working with measurements and data is an essential skill for all math students. Readers are introduced to concepts like describing and comparing measurable attributes and sorting objects into categories. Each skill is explained with the help of accessible text and bright images. A simple and fun approach to comparing weights is found in this volume, which is written to reflect the Common Core State Standards for Mathematics, specifically standard K.MD.A.2.

### Reviews

*This book might be really worth a read, and superior to other. This really is for all who stante there had not been a really worth studying. I am just happy to tell you that this is basically the very best pdf i actually have read through during my very own lifestyle and may be he best ebook for actually.*
